

**Introducing
SecureAlerts.**
When it happens, you know.
Talk about a feeling of security.

SecureAlerts can let you know the moment something important happens in your account. Messages you choose to receive are sent instantly via email, text* or within Online Banking.

With **SecureAlerts** you'll always know exactly what's happening with your money, and you can watch for

suspicious activity. It's a free service for our customers.

Notice: Current alerts will not transfer to the new alert system and will not be active after June 10, 2019. After SecureAlert launches, please select the new alerts you wish to receive.

Choose from dozens of SecureAlerts.

Monitor your account activity such as:

A purchase using your debit card was just processed.
You instantly know.

An ATM withdrawal is made.
You instantly know.

A check clears that exceeds the amount you set.
You instantly know.

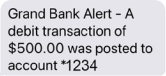

Set up your SecureAlerts today:

- 1** Log on to Online Banking. Select Alerts.
- 2** Click each Category in Alert Options to view the list of available alerts.
- 3** Select the Alerts you want to receive for each account. Then check how you would like to receive them, then Save.

You'll now receive a message the moment any of your alerts are triggered. It's that simple.

Delivered the way you want.

Messages are sent instantly using any of the delivery channels you choose:

Text Messages

One of the easiest ways to receive SecureAlerts is through text messages on your smartphone* or wearable devices.

*Text and data rates may apply from your service provider.

Email

Receive email messages about your account activity.

Online Banking Message Center (Secure Inbox)

View your SecureAlerts every time you log on to Online Banking.
